

Step1: Log in at

https://lms.asknlearn.com/cantonment_ps/login.aspx

Step 2: Click on "My Tasks"

The screenshot shows the LMS home page with a blue header containing navigation links: Home, My Tasks (with a red notification badge), Content, Tools, and Links. Below the header, there are tabs for Home, Tasks(1), Announcements, Message, and TestPaper(23). The main content area is divided into four subject categories: English, Mathematics, Science, and Mother Tongue. Each category lists various course levels and types. For example, English includes P1 to P6 for both Skills-based and Thematic. Mathematics includes Virtual Manipulatives and various levels from P1 to P6. Science lists Lower Block Science. Mother Tongue lists Chinese levels from 小一 to 小二. On the right side, there are vertical panels for Announcements (0 available), My Teachers, Games in Learning (with a cartoon character), and My Tools (No tools available).

Step 3: Click on "P5 Parents Blog"

The screenshot shows the 'My Tasks' page. The header is the same as the previous screenshot, but the 'Tasks(1)' tab is active. The main content area has a search bar and a 'Change View' button. Below that, there is a dropdown menu for 'All Subjects'. A task card is displayed for 'P5 Parents Blog', which is a 'General Shared Blog' by Caroline Manonmani, expiring on 31-03-2018 at 12:00 AM. The card shows 'CURRENT LOWEST: NA' and 'CURRENT HIGHEST: NA'. There are icons for favorites and a 'Mark as completed' button. At the bottom, it says '1 Task(s) in total'. On the right side, the 'Announcements' panel is visible, and the 'My Tasks' panel shows 'You have 1 tasks' and '1 Shared Blog(s)'. Other panels for 'My Teachers' and 'My Tools' are also visible.
