Friday 14 Feb	P6 Resilience P6 Respect	

As part of our Social Studies curriculum, we are organizing a learning journey to the Asian Civilisations Museum. This experience will allow students to explore the rich cultural diversity of Southeast Asia and understand how trade and cross-cultural exchanges have shaped the region's unique heritage.

During the visit, students will embark on an interactive journey guided by the mythical Makara, transporting them back in time to meet historical figures and discover fascinating artifacts such as the baju panjang, a garment that reflects Southeast Asia's deep connections with other cultures. Through storytelling and close observation of artworks, students will gain valuable insights into the past and its influence on present-day Southeast Asia.

Students will report to school as usual on that day. They will embark on their learning journey during curriculum time. Transport will be provided to the venue and back to school. Every class will be accompanied by teachers and museum docents. Students will be having recess in school before departing. They will also be given snack break when they return to school by 11.45am.

Please be informed that school is as per normal when the students return to school and after-school programme proceed as usual.
